*Junior .NET and Full Stack Developer with 3+ years of hands-on experience in programming through university systems and personal projects. Skilled in building REST APIs, debugging full stack applications, and modeling complex SQL relationships. Strong foundations in C#, ASP.NET Core (MVC), SQL Server, JavaScript, and expanding my skills to React, Next.js and Python. Pursuing a B.S. in Computer Systems Engineering (**Expected 2026**).*

SKILLS

- **Back End:** C#, ASP.NET Core, Entity Framework Core, RESTful APIs
- **Front End:** HTML, CSS, JavaScript, React, Next.js
- **Databases:** SQL Server, Stored Procedures, Relational Databases
- **Soft Skills:** Continuous Learning and Improvement, Team Collaboration
- **Tools:** Git, GitHub, Postman, Flutter, Power BI, Unity, Figma, Okta, Adobe XD
- **Languages:** Spanish (Native), English (Fluent)

PROJECTS

Neon Fitness | Gym Management System (API + Frontend)

Heredia, Costa Rica

Full Stack Developer

Sep. 2024 – Dec. 2024

- Designed and implemented a RESTful API using ASP.NET Core and Dapper, supporting full CRUD operations reducing manual management by 50%.
- Built a relational database in SQL Server with 15+ tables, ensuring data integrity and transactional consistency.

Kinder Care | Full Stack System for a child centre in Costa Rica (ASP.NET Core)

Heredia, Costa Rica

Full Stack Developer

Mar. 2024 – Apr. 2025

- Designed and Implemented modules for managing attendance, teachers, and student-teacher relationships using ASP.NET Core (MVC) and SQL Server.
- Developed relational logic (many-to-many and one-to-many) to allow teachers to assign and remove students dynamically, improving data integrity.
- Created responsive UI components with HTML, CSS and JavaScript to enhance usability and navigation clarity.

Dataslate | Project Management & GitHub Dashboard (.NET & Next.js)

Heredia, Costa Rica

Full Stack Developer

Dec. 2025

- Integrated the **GitHub API** to display repository data, collaborators, and commits securely using token-based authentication.
- Designed relational database models to support projects, tasks, and user management with **SQL Server**.
- Built a modern, responsive frontend using **Next.js**, **TypeScript**, and **Tailwind CSS**, improving usability and data visualization.
- Implemented secure authentication and API communication between frontend and backend services.

EXPERIENCE

Concentrix Collections Agent (Goldman Sachs – Apple Card) Bilingual Customer Support Agent	San Jose, Costa Rica <i>Dec. 2025 – Current Job</i>
<ul style="list-style-type: none">• Provided bilingual (English/Spanish) customer support for Apple Card users under Goldman Sachs, handling sensitive financial information securely.• Assisted customers with account management, payment solutions, and issue resolution while complying with strict security and privacy policies.• Followed structured workflows and documentation processes, ensuring accuracy and regulatory compliance.• Strengthened communication, problem-solving, and time management skills in a fast-paced, high-responsibility environment.	

EDUCATION AND CERTIFICATIONS

FIDELITAS UNIVERSITY Computer Systems Engineering GPA: 92.18/100	Heredia, Costa Rica <i>Expected 2026</i>
Certifications: <ul style="list-style-type: none">• Microsoft 365 Fundamentals: MS-900 (September 2025)• Scrum Fundamentals: SFC (March 2023)• Microsoft Full Stack Developer Certificate: Coursera, Microsoft (Expected in 2026)
